Mission /Purpose Statement:

To show the love and tender care of Jesus Christ in a desperate squatter settlement.

A ministry that really reaches out to the 'least of these' in the Guguletu shanty town (near Cape Town) where there is unbelievable squalor. The main features are:

- Reaching out to orphans who would not survive without help.
- To relieve the suffering of desperate people in a violent area.
- Helping many grandmothers to take care of AIDS orphans.

Children are most at risk in squatter

ISSUES COMMUNITY IS FACING:

The community is a hostile place – high crime rates and abuse of neglected children.

Continual influx of refugees from other areas including Zimbabwe.

CHALLENGES THE CHURCH IS FACING:

Extreme poverty – even the church has little material to offer those in dire need.

Trying to support parents who need day care for their children while they seek employment.
