### Mission /Purpose Statement:

A ministry that seeks to lead people of all ages to Jesus Christ. In addition to also demonstrate the love of Jesus through practical actions in all the communities where a Christian fellowship exists.

This is a ministry that has survived a horrific few decades in a country devastated by war, political corruption and severe poverty.

The main features are:

- Always holding up the Name of Jesus Christ no matter the circumstances.
- Supporting the bodies of believers, especially widows and orphans relating to HIV/AIDS, in the most rural poverty stricken places.
- Making sure that ALL children in every village hear the clear Gospel of Jesus Christ.
